(www.linkedin.com/in/nixon-bombo-7685a1116)

### WORKING EXPERINCE

2022- Date
Part-time Freelance Web Developer
Mombasa

### Core competencies:-

- - Good understanding of JavaScript, including ES6+ features, enabling implementation of dynamic features.
- - Leveraging component-based architecture to create user interfaces.
- - Implemented Redux to manage the application's global state, enabling predictable state updates and efficient data flow, enhancing the user experience.
- Hands-on experience in building server-side applications using Node.js and Express.js, creating RESTful APIs for seamless communication between client and server.
- - Designed and managed a NoSQL database with MongoDB, optimizing data storage and retrieval processes to support complex queries and improve performance.
- - Integrated third-party APIs for payment processing, ensuring secure and reliable interactions with external services.
- Implemented user authentication and authorization mechanisms using JWT (JSON Web Tokens), ensuring secure access to the application features and data.

- Developed a responsive design using CSS frameworks for a seamless experience across various devices and screen sizes.
- · Version Control with Git
- - Acquired debugging skills using tools like Chrome DevTool
- Deployed the application on Github, gaining experience and understanding of the deployment cycle.
